LETTER OF RECOMMENDATION

To whom it may concern;

It is my pleasure to extend this letter on behalf of Advantage Career Institute; I am an Internal Medicine Physician practicing in Red Bank New Jersey for many years. My corporation, Integrated Medicine Alliance, has established a relationship with Advantage Career Institute for more than 6 years. It is my honor to be part of their School Board for the past 3 years and participate in the great effort to educate new generations of professionals in our community.

I have witnessed how well structured the curriculum is. It is complete, well conducted and the professionals are always improving to match the new and growing demands of the modern health care system and help make their graduates competitive.

We have had graduated students work in our facilities and clinics. They are successful, competent and caring young assistants that can have a better future working in a field that can always be rewarding. I am confident that Advantage Career Institute will contribute well-trained young professionals to our community, now and in the future. It is my pleasure to recommend Advantage Career Institute.

Respectfully,

Lizett Marza, M.D.
